

# ENCLAVE

ZERO CLEARANCE DIRECT VENT BAY PENINSULA GAS FIREPLACE

**Unit Illustrated:** Model MQVLB48NE2 Bay Peninsula Direct Vent Fireplace – Natural Gas, VL48EG Grill Kit for Enclosure, MQG5W Glass Media – White (x2), MQVL48RGB Reflective Glass Liner – Back.  
(Chase must be vented below and above appliance – consult manual for instructions).

# CREATING A NEW DIMENSION

Its wraparound view captivates from every angle. Luring you in with its three-dimensional sightlines, the new **ENCLAVE** from Marquis creates a sleek and cleverly designed gathering point for the heart of your home.

Amazingly versatile, this beguiling fireplace adapts to suit any room with options for a Single Side, Corner or a Bay Peninsula. It transforms completely with your choice of fireplace liner and accessories that range from driftwood logs and contemporary rocks to cannonballs and glass.

With the **ENCLAVE'S** innovative vented chase technology you may now cover the fireplace with combustible materials up to the glass door opening. Follow the instructions in the manual for venting the chase (opening above and below the appliance is required).

Visit [marquisfireplaces.net](http://marquisfireplaces.net) to see the latest evolution in fireplaces.

Use any finish (including combustibles) right to the edge of the fireplace door opening
