**G** SERIES  
GAS FIREPLACES

G39 Gas Fireplace – Black Enamel Liner, Birch Log Set, Painted Surround

G39 Gas Fireplace – Black Enameled Liner, Glass Burner, Powder Coated Silver Surround

G39 Gas Fireplace – Ledgestone Liner, Traditional Log Set, Powder Coated Grey Surround

## Design Features

- Top Firebox Lighting (Log IPI Only)
- Adjustable Ember Bed Lighting (Log IPI Only)
- Clean Face Look — No Louvers
- Millivolt / IPI
- Glass Size: 26¼" x 32½", 853¼ in²
- E-Coated Glass (Optional Ceramic Glass)
- Cool Surface System HDK Included
- 130 CFM Room Fan (with variable control)
- Run-Quiet Fan System
- Limited Lifetime Warranty

## Available Options

- **Burner Options:**
  - Traditional Log Set
  - Birch Log Set
  - Driftwood Log Set
  - Glass Burner with Diamond Steel
- **Liner Options:**
  - Ceramic Brick Liner (Brown or Black)
  - Herringbone Liner
  - Ledgestone Liner
  - Black Enameled Steel Liner
  - Painted Steel Liner (Included)
- **Surround Options:**
  - Slim Face in Painted Black (incl.), Powder Coated Grey, Powder Coated Silver, Powder Coated Bronze, Brushed Nickel, and Brushed Antique Copper
  - Forgeworks Face

## Fireplace Specifications

BTU Maximum Input - NG	30,000 BTU
BTU Minimum Output*	10,000 BTU
Heating Area	1,600 ft²
P4 Efficiency	69.8%
Viewing Area	34½"h x 39"w
Glass Size	26½"h x 32½"w
Fireplace Install Dims.	HEIGHT 42" WIDTH 41½" DEPTH 18¼"

\* Turn down = 50% Valve x P4 Efficiency

# Cool Surface System

INCLUDED WITH THE G SERIES

## A Gas Fireplace with Peace of Mind.

We understand that surface temperatures are an important factor when considering how a fireplace will affect HDTVs or any framed decorations that might be mounted above. Heat rises naturally and with that in mind, every Enviro G Series Gas Fireplace comes equipped with our exclusive Cool Surface System.

We designed this system to help channel excess rising heat up behind the wall and safely push it through an included vent bezel bypassing any valuables above your G Series fireplace.

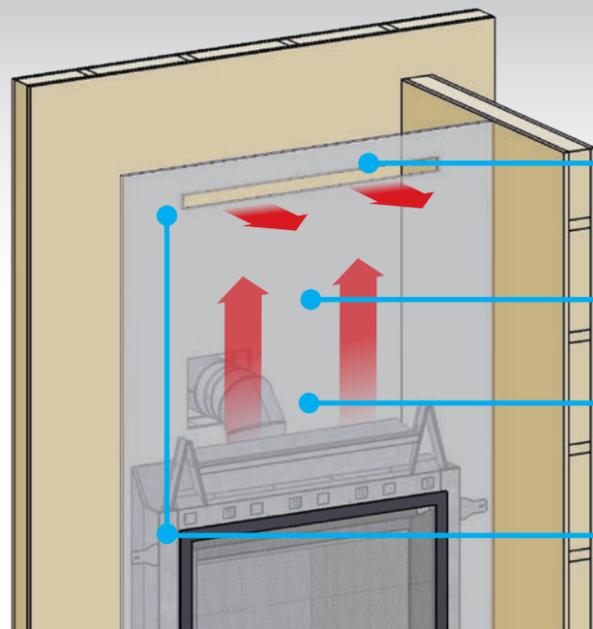

*Convective heat that rises from the fireplace is captured in the chase and channeled through the vent using the Cool Surface System.*

*The Cool Surface System channels rising heat behind the wall.*

*Allows up to 1" thick combustible material (ie: drywall) to be used.*

*The Cool Surface System and vent bezel are included with every G Series unit.*

*Rising heat is evenly vented forward into the living space through the included bezel*

*Rising heat is channeled safely past valuable wall mounted items such as a TV*

*Heat radiates forward from the fireplace window*

The best way to visualize  
your dream fireplace at home  
is with the Enviro App!
