HEARTH PRODUCTS

## Designed to heat. Built to Last.

For over 30 years, unsurpassed quality and craftsmanship have made us an industry leader in innovative heating systems. Design, functionality, and efficiency merge to create exceptional products that will exceed all expectations. Whether time-honored traditional or bold and modern, our dynamic range of products will compliment any home décor. With a complete line of fireplace inserts, zero-clearance fireplaces, and freestanding stoves, we have the perfect solution for your heating requirements. We won't just meet your expectations; we'll exceed them...

Design Features

As our entry level gas stove the S20 is the perfect solution for a smaller to mid size living room. Its modern design blends well with a variety of decor and its small footprint offers greater versatility in placement. It's available in both Nova or IPI and can be vented top or rear.

Design Features

- Field conversion kit NG to LP
- Thermostat or remote compatible
- Ceramic log set
- Charcoal fluted liner
- Top vent / rear vent convertible
- Heavy duty heat exchanger
- Easy access controls
- 150 CFM variable speed fan
- Clear View Safety Screen
- Nova and IPI editions

Stove Specifications

P4 Efficiency	74.5%		
Glass Size	346 in <sup>2</sup>		
Stove Dimensions	HEIGHT 33½"	WIDTH 24½"	DEPTH 18¾"

\* Turn down is based on valve 820

High definition log set

Steel fireplace grate

Modern steel construction

Design Features

The Westport Steel Gas Stove is an affordable solution for a midsize to large living space. It offers the performance of the original Westport Cast Iron Gas Stove with a more modern design and steel outer construction. It's available in both Nova or IPI and can be vented top or rear, and is also compatible with a B vent.

Design Features

- Remote thermostat compatible
- Steel construction
- Ceramic log set
- Quick release glass door system
- Top vent / rear vent / B vent
- Safety screen
- Optional 180 CFM fan
- Nova and IPI editions

Easy access controls

Westley - Antique Bronze

Westley - Painted Black

### Design Features

The Westley is our newest freestanding gas stove. It's European cast iron outer construction creates a traditional esthetic with modern accents. What really sets the Westley apart is it's 180° viewing angle giving plenty of exposure to it's high definition log set and stainless steel burner. The Westley is available in both a matte black finish or an antique bronze.

### Design Features

- European made castings
- 180° viewing angle
- Heavy duty heat exchanger
- B-vent compatible (IPI)
- 130 CFM variable speed fan
- Ultra HD log set
- True to life flame presentation
- Multiple Finishes:
  - Painted Black
  - Antique Bronze

### Stove Specifications

BTU Maximum Input - NG	29,000 BTU		
Turn Down*	33%		
Heating Area	1,500 ft <sup>2</sup>		
P4 Efficiency	67%		
Glass Size	525 in <sup>2</sup>		
Stove Dimensions	HEIGHT 27½"	WIDTH 26¾"	DEPTH 19⅝"

\* Turn down is based on IPI valve.

### Design Features

The Westport Cast Iron is one of our most popular freestanding gas stoves. It's traditional design and cast iron outer construction provide a classy appearance. The Westport Cast Iron Gas Stove is available in a painted black matte finish or an antique chestnut porcelain enameled finish. It can be vented top, rear, and is also compatible with a B vent.

### Design Features

- Remote thermostat compatible
- Cast iron outer construction
- Ceramic log set
- Quick release glass door system
- Top vent / rear vent / B vent
- Safety screen
- Optional 180 CFM fan
- Nova and IPI editions
- Multiple Finishes:
  - Painted Black
  - Enameled Antique Chestnut

### Stove Specifications

Enameled antique chestnut finish

Design Features

The S40 Freestanding Gas Stove offers a maximum BTU output of 40,000 making it excellent at heating large living spaces. It has a modern design and a 5/16" steep plate top. Instead of a typical burner tube layout, the S40 uses a ceramic log burner that blends in with the rest of the log set to create a more realistic appearance.

Design Features

- Heavy duty heat exchanger
- Thermostat or remote compatible
- Ceramic log set and burner
- 5/16" steel plate top
- Ceramic charcoal fluted liner
- 150 CFM variable speed fan
- Optional B vent adaptor
- Nova valve

Stove Specifications
