

LUXURIA™

LVX50 | LVX62 | LVX74 | Direct vent gas fireplaces

Elevate your living space with Napoleon's Luxuria™ – an elegant and sophisticated linear gas fireplace. Featuring a groundbreaking safe-to-touch, triple-pane glass guard system, the Luxuria™ delivers an unobstructed view of the mesmerizing flames. Whether you opt for the single-sided or see-through model, seamlessly integrate a TV or artwork above the fireplace to elevate both functionality and aesthetics. Additionally, enjoy the ability to install combustible material right up to the edge of the fireplace ensuring superior design flexibility. With endless design options available, the Luxuria™ allows you to personalize your space and make it truly your own.

Features

- Multi-colored LED ember bed lights
- Includes top lights for an illuminated effect to enjoy your fireplace with or without flames
- The safe-to-touch, triple-pane glass guard system and Dynamic Heat Control™ provide worry-free warmth and beautiful views
- See-through model available
- Up to 48,000 BTUs
- Warranty: President's Limited Lifetime
- Available sizes (width): 50", 62", 74"

Included controls

eFIRE mobile app

Providing a more connected and convenient experience by controlling every setting right from your mobile device. This includes: on/off, flame height, blower speed, and ember bed.

Remote

Enjoy added convenience with the included remote—control every function of your fireplace, including power, flame height, and blower speed, from the comfort of your couch.

Heat management

Dynamic Heat Control™ (DHC)

Included system that enhances performance and lowers wall temperatures. This system works without a fan for quieter operation and is perfect for situations where heat-sensitive objects, like a wall-mounted TV, need to be placed directly above the fireplace and recessed. It offers the lowest height clearances for TV or artwork installations.

Dynamic Heat Control Plus™ (DHC+)

Optional system to add to your DHC to move the heat to other areas within your home or even outdoors.

Ducted heat management (DHM)

Optional system that offers the greatest amount of flexibility for installations with multiple configurations available, including an option where you can install the fireplace as a room divider and safely pass cables through the wall for ease of electronic installation. Enjoy true zero clearance to combustible materials without fear of heat damage.

Innovations

Indoor outdoor kit

Exclusively available on Luxuria, this industry-first kit allows you to install your fireplace on an exterior wall, offering views indoors and outdoors while maintaining your home's insulation integrity regardless of the temperature.

Premium glass guard

Triple-pane glass guard that makes the fireplace safe to touch and offers views of the flames without the obstruction of a safety barrier.

See-through model

Experience the captivating ambiance from multiple rooms simultaneously.

Direct vent

Effectively removes exhaust and fumes from your space, keeping your indoor air clean while also conserving energy.
