FIREPLACE COLLECTION

Enclave 61/62

Zero Clearance Direct Vent Gas Fireplace
(Single-Sided, See-Through)

Creating a **new dimension.**

With a larger tall-glass viewing area, the 61/62 Enclave from Marquis delivers maximum wow factor.

Amazingly versatile, this high-impact fireplace can be styled to suit your design aesthetic with a range of liners and accessories — from driftwood logs and contemporary rocks to cannonballs and decorative glass.

The Enclave's innovated vented chase technology means that you can clad the fireplace with combustible material up to the glass door opening.

Follow the instructions in the manual for venting the chase (opening above and below the appliance is required).

Standard Features

- Accent Lighting: LED Lighting (non-dimmable)
- Invisible Glass Safety Barrier
- Proflame II Models include Remote Control with the following features: flame adjustment, thermostat, smart thermostat (WIFI Compatibility*) and accent lighting control
- Cool Touch Wall Technology: the chase of the appliance must be vented to achieve Cool Touch Walls or reduced mantel clearances

** Smartphone (local WIFI only)*

FIND ALL DETAILED ENCLAVE MANUALS

Optional Features

Surrounds:
Black or Stainless

Liners:
Reflective Glass, Fluted Brick

Media Options (Required):
Glass Media (Glacier Ice, Cobalt Blue, Black, Bronze, White)

Additional Media (Optional):
Cannonballs, Decorative Stones, Contemporary Rocks, Ember Chunks

Log Sets:
Oak, Birch, and Driftwood Sets

Enclosure Grills:
Front or Sides – Unfinished

Wall Mount Battery Holder (WMBH):
The battery holder provides power to the IPI system in case of power failures. Locating the battery holder outside of the fireplace (wall mount), provides a convenient and accessible location for battery installation and removal.

Benefits of our Cool Wall Vented Chase Technology**

- Zero Clearances to TVs and Artwork
- No fans required to vent the chase, will work during power failures (batteries required)
- Allows for all wood framing
- Combustible materials may be used right up to the glass door opening
- Seamless glass, removes the need for steel safety screen barrier
- Allows for reduced mantel clearances

***This appliance is approved for use with 5"/8" Kingsman Flex, M&G-Duravent Direct Vent system (Model DV-GS Series) and Snorkel, BDM Pro Form Direct Vent, Ameri-Vent Direct Vent Pipe System, ICC Excel Direct, Metal Fab Sure-Seal DV and Selkirk Direct Temp. When using ICC Excel Direct a one-foot section of 5"/8" MG Duravent must be used as a starter collar at the flue of the appliance.*
